

# Indiana Society of Oral and Maxillofacial Surgeons

## ISOMS 2026 Annual Meeting and Continuing Education Seminar

**February 28, 2026**

**The Westin Indianapolis**

*Dear Surgeons,*

*This is the time of year when we are planning our yearly Indiana Society OMS Meeting. It is the responsibility of the current President of the ISOMS board to select speakers and themes for each meeting and each year it is a difficult and anxiety-provoking task.*

*This year, Laney Dezelan and I have worked to provide a unique meeting that is uplifting, interesting, and different from all the OMS meetings you have previously attended.*

*The speakers we have chosen are health care doctors and providers with unusual and interesting topics centered around mental health care and doctor/provider/staff well-being. They bring with them unique experiences, information, and talents that CAN NOT be found in your morning rounds in residency, the national meeting, or the implant conference.*

*It is my opinion that you will see and experience something at this meeting that you will likely never experience again at an OMS meeting.*

*This year we are offering this experience to both you and your employees/staff. Please see the information provided in the next pages of this pamphlet.*

*Please make the time and effort to attend the ISOMS meeting on February 28th and let us see if we can make this a unique and worthwhile meeting for you.*

*Sincerely,*

**Shad D. Roundy, DMD**  
*President, Indiana Society of Oral and Maxillofacial Surgeons*

## **Presentations**

---

### ***"The Mental Dental Connection"***

**Michael C. Ditolla, DDS, FAGD**

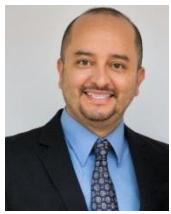

Dr. DiTolla was in private practice for 15 years before becoming Director of Clinical Education for Glidewell Labs for the next 15 years and led the clinical team that developed and brought BruxZir Solid Zirconia to market. In 2011 he received the "Most Effective Dentist Educator" award in a nationwide survey of dentists. He recently received the Gordon J. Christensen Award Distinguished Speaking from the Chicago Dental Society. His online educational videos have over 16 million views on YouTube. He currently maintains a private practice focused on clear aligners, veneers and obstructive sleep apnea in Lodi, California.

---

### ***"Catch Me if you Can – The Impaired Provider"***

**Rodrigo Garcia, APN, MSN, CRNA, MBA**

Rodrigo Garcia is the Co-Founder and CEO of Parkdale Center for Professionals, a dual diagnosis substance abuse treatment facility specializing in the management of the impaired health care provider, professional, the working adult seeking assistance. He has been a direct care provider in the health care field for more than 25 years. He has experience in emergency services in a level one trauma center, as an intensive care unit manager, in surgical services, and in anesthesia as a chief nurse anesthetist (CRNA) of a teaching hospital. Rodrigo is currently the compliance director for the Indiana Professionals Recovery Program (IPRP) for nurses and pharmacists, the West Virginian Restore program for nurses, and is an appointed delegate to the National Safety Council. Rodrigo also served on the Indiana Office of the Attorney General prescription drug task force from 2013-2018. In addition, he has held multiple faculty positions at various universities including Evanston Northwestern School of Anesthesia, Ivy Technical College – Nursing Department, and also served as a clinical instructor for the Valparaiso University School of Nursing. Personally, he has emerged successfully from a dangerous battle with the disease of substance use disorder. As a result, he has educated thousands of families, state employees, individuals, employers, and professional organizations on the highly accountable professional afflicted with substance use disorder. As the Parkdale CEO and State program's compliance director, he is committed to providing professionals, their employers, and their families with the most effective, comprehensive, and progressive treatment, monitoring, and accountability programs possible.

---

### ***"Considerations in Treatment of Patients with Severe Mental Illness" (With an Introduction to Schizophrenia)***

**Kent Dee Roundy, MD**

Kent Roundy completed his psychiatry residency at Baylor University in Houston. He is the Director of Medical Student education at the Utah State Hospital, where he has practiced over the last 17 years. He requires medical students to build a podcast and they are published at USHMedstudent. He is still Shad's big brother.

---

### ***"Indiana's Road to Comprehensive Behavioral Behavioral Health Care:***

**James Richter, EdS, LMHC, CCMHC, ACS**

#### ***The Certified Community Behavioral Health Clinic Model"***

Jim Richter is licensed in Indiana and New Mexico as a mental health counselor. He holds an MS.Ed in Counseling and Counselor Education and an Education Specialist Degree in Mental Health Counseling from the School of Education, IU Bloomington. Jim was also a doctoral candidate in Counseling Psychology at IUB. Jim has spent 25 years at Sandra Eskenazi Mental Health Center in Indianapolis. He is the director of clinical services and also oversees staff and student education. Jim is also a professional musician and educator who teaches mandolin at camps, including his own and across the country.
